

**Marine Biology
Summer Assignment 2007**

Marine Biology Summer Assignment 2007

Locate the following oceans on the diagram above:

- Pacific
- Atlantic
- Indian
- Arctic
- Southern (Antarctic)

Locate the following seas on the diagram above:

- Caribbean Sea
- South China Sea
- Bering Sea
- Mediterranean Sea
- Gulf of Mexico
- Red Sea
- Dead Sea

What is the difference between an ocean and a sea?

Create a table with the following information. Please TYPE. Use reputable resources on the internet.

- list each ocean and sea (as above)
- give depth ranges for each body of water
- temperature ranges
- any unique features

If you have any questions, please email me at j.wills@hackensackschools.org. You may also contact me through HomeworkNow.com. Have a great summer! See you in September.
